Columbia Pacific Construction- Woodland- 2 posted positions

Company Overview

Columbia Pacific is headquartered in Woodland, Washington. We primarily perform heavy civil projects specializing in earth moving, transportation, roadways, water resources, and underground utilities. Our current opportunities are spread between SW Washington & Oregon but we pursue projects across Washington, Oregon, Idaho, Arizona and Hawaii.

Position: Project Manager

As a Project Manager, you will be responsible for the administrative and technical aspects of constructing a project. Do you have strong interpersonal and information management skills? In this role, you will be the main conduit of information between the management and the construction team for cost, revenue, cash flow information. If this sounds like a match for you, read on!

Pay Range- DOE \$75,000-\$120,000

Responsibilities

- Perform scheduling of the project
- Revenue, cost, and cash flow management
- Temp engineering
- Permanent design management and quality control
- Project closeout
- Client relations
- Assist in Operations planning
- Administer contracts and subcontracts
- Assisting with Project Estimation

Qualifications

- Ability for some travel throughout Washington & Oregon.
- Bachelors or Associates degree in construction-related field of engineering is preferred
- 3+ years' work experience in construction or engineering
- Experience managing Heavy Civil Construction Projects and related crews and Subcontractors.
- Ability to read, analyze and identify discrepancies on engineering plans, specifications, and contract documents
- Strong interpersonal, written, and verbal communication skills
