

A photograph of a diverse group of students sitting at computer workstations in a classroom or computer lab. In the foreground, a young man in a teal long-sleeved shirt and a black baseball cap is looking towards a young woman with long dark hair and glasses on her head. She is wearing a light pink blazer over a white top and is smiling slightly. Other students are visible in the background, some working on their computers. The scene is brightly lit, and the overall atmosphere is one of focused learning and collaboration.
